

**Sample Topic Areas
To Be Addressed In The
Course of MMS Workshops**

- **Need for reconsideration of assumptions on amounts of crude oil sold by integrated oil companies**
- **Impact of important changes in crude oil marketing, (i.e., marketing affiliates) and industry reorganization (e.g., joint venture activity.)**
- **MMS's limitations on the use of lease sales programs**
- **MMS's reengineering initiative and the availability of data to facilitate wider use of comparable sales**
- **Use of more accurate adjustments (i.e., transportation, location, quality) to make valuation results more closely match value of production at the lease**
- **Record keeping requirements and present state of MMS Form 4415**
- **Status of MMS's subsea initiative**
